

## **Solemn Statement**

In view of the misrepresentative, illogical and absurd accusations made against CASH Group and its affiliates today, the Group hereby makes a solemn statement to give a true account of the facts.

The Group has recently been harassed by lawless persons. Classified as criminal property damage and intimidation, the case has been immediately reported to and is now being investigated by the police. Hong Kong is a law-abiding society and we believe that the vandals will soon be arrested. We have also asked the police to step-up patrols.

We and our Chairman, Mr. Bankee Kwan, wish to emphasise that we (including Mr. Kwan) are financially healthy and all businesses are being conducted as planned. We (including Mr. Kwan) do not have any financial or other related problem, and reserves the rights to take any legal action against those who make malicious and malevolent statements, as well as fabrication. The Group strongly condemns those thugs and troublemakers for their disruption of the social order and their damage to the reputation of the Group and Mr. Kwan. Staying firm and unswerving in confronting the scoundrels and thugs, we are not afraid and do not back down or compromise. We believe that justice will be served and truth will prevail.

Regards,  
CASH Group
